

# SOCIAL MEDIA SAFETY TIP SHEET

1. Always be mindful about who can see your profile and how much information they can see about you

2. Never post photos that can identify you and put you at risk of criminals like: Vacation information, home address, valuable goods, date of birth, bank details

3. Never reveal personal information to strangers or people you hardly know

4. Never agree to meet someone in person that you only met without knowing something about that person

5. Always limit the amount of information you share online.

6. Always stop and think carefully about what you are about to post and ask yourself: "Would I share this with a complete stranger"?

7. Beware of Phishing scams
